

# **S&T Intervention for NER STINER**

## **Expression of Interest for availing STINER-TFC Hub Batch type circulation drier for incubation and production**

With an aim to serve NER for economic development of the people, specifically the farmers, artisans, youths, NGO's, start-ups and women community of the region through S&T intervention, the STINER project has been taken. The prime objective of the project is to create a technology hub suitable for NER and disseminate the technologies through training, demonstration, incubation and hand holding.

Expression of willingness from different candidates like entrepreneurs/start ups/ NGOs / SHGs etc. are invited to take-up the facility for Incubation through the **Application Form** attached herewith. The terms and conditions for availing the facilities are enclosed herewith.

The suitability of the applicants will be determined by the existing STINER team based on the terms and conditions mentioned and the selected entrepreneurs/ start ups/ NGOs will have to sign a ToR with STINER-TFC, if get selected. In all concerned, the decision of the PI, STINER-TFC will be the final.

# **S&T Intervention for NER STINER**

## **Terms and Conditions for providing the STINER batch type flow drier for Incubation**

### **A. General terms conditions:**
