About the Conclave

The Nagaland University Research Conclave, 2024, jointly organized by the NEP Cell and IQAC of Nagaland University, is an initiative entirely dedicated to research scholars of the University. The objective is to provide a platform for scholars from different research backgrounds to come together to present diverse approaches towards addressing research problems. The event will bring together participants from various academic disciplines, providing them with a unique opportunity to exchange ideas on a wide range of topics, with a focus on current trends and future developments in science and the humanities. One of the objectives of NEP-2020 is to encourage academics to adopt and embrace flexibility, collaboration and integration of diverse fields of knowledge, by promoting a multidisciplinary approach. In accordance, the conclave will provide an opportunity to upcoming researchers to understand how research problems are approached from diverse perspectives, thereby helping them develop a well-rounded understanding of issues and fostering collaboration.

Who can participate

Research Scholars enrolled in any discipline and campus under Nagaland University are eligible to participate.
