

# National Workshop on Training & Awareness Programme (NWTAP) on Methods of Geochronology & Research Opportunities

29 - 30 April 2025

Venue: Department of Geography, NU, Lumami, India

**Organisers:** Department of Geography, Nagaland University (NU), in collaboration with Inter-University Accelerator Centre (IUAC), Delhi

**Chief Patron:**

**Prof. Jagadish Kumar Patnaik**  
Vice Chancellor, NU

**Patron:**

**Prof. M. S. Rawat**  
Dean, School of Sciences, NU

**Event Category:** **Workshop & Training Programme**

**Organising Committee :**

**Convener:**

Prof. Wangshimenla Jamir, HoD Department of Geography, NU

**Organising Secretary:**

Dr. Manasi Debnath, Department of Geography, NU

**Committee Members :**

Prof. Sangyu Yaden, Department of Geography, NU  
Prof. Lanusashi Longkhumer, Department of Geography, NU  
Dr. Kedovikho Yhoshu, Department of Geography, NU  
Dr. Therila Sangtham, Department of Geography, NU  
Dr. Brenda & Dr. Toiho

**Volunteer:** Research Scholars and Students

Following the final registration, the participants will be notified through Email.

**Application and Registration Deadline:**

**30.03.2025**

**Scanner for Payment** →

**Capacity: 25**  
**Registration Fee: 700/- INR (Towards Field Trip).**

**Application Link:**

## NWTAP at a glance

The Two Days NWTAP on Methods of Geochronology & Research Opportunities for the **Researchers** will be organized from April 29 to 30, 2025, by the Department of Geography, Nagaland University, Lumami, in collaboration with the Inter-University Accelerator Centre (IUAC), New Delhi.

**The program aims to:**

- Raise awareness about instrumentation and research opportunities at IUAC, New Delhi, in the fields of Earth System Science, Nuclear Physics, Materials Science, Atomic and Molecular Physics, Radiation Biology, Environmental Science, and other allied interdisciplinary areas.
- Train young researchers in reconstructing landform development using dating techniques.
- Explore research opportunities in Nagaland with a focus on advanced geochronological techniques to be demonstrated in the Field
- Field trip with the focus on studying the landform changes at Nagaland.

**Schedule in a Brief:** The NWTAP will be inaugurated at the Department of Geography, Nagaland University, Lumami, Nagaland. Following the inauguration, **Scientists from IUAC**, New Delhi, will present an overview of the available facilities and research opportunities at the institute.

In the subsequent days (Field Trip), the eminent resource persons with expertise in Earth Science, AMS & geochronology will train the young minds through presentations and field demonstrations from Lumami to Amugri and Participants will allow to take their return journey from Amugri railway station or bus stop.

**How to reach the Venue???? @Nagaland University (NU), Lumami campus, Nagaland**

**Nearest Railway station:** Mariani Junction (MXN). Reserved taxi or Shared sumo (at 6:30 & 11 am) to reach Mokokchung; from there shared or reserved taxi to reach NU, Lumami.

**Nearest Airport:** Jorhat. From there reserved or shared taxi to Mokokchung, shared or reserved taxi to reach NU, Lumami.

**Alternative Railway Station & Airport:** Dimapur

**Accommodation at Nagaland University (NU), Lumami campus (HQRS)** will be provided at sharing basis.

**Two travel assistance (TA)** (sleeper class train fare and sharing taxi/sumo) for the outstation participants (travelling from the outside Nagaland) would be granted based on the application criteria.

## Contact Persons

**Dr. Manasi Debnath**, M. 6009373544, email: [manasi@nagalanduniversity.ac.in](mailto:manasi@nagalanduniversity.ac.in), Dept. of Geography, Nagaland University, Lumami  
**Dr. Pankaj Kumar** M. 9958247857, email: [baghelpankaj@gmail.com](mailto:baghelpankaj@gmail.com), Inter-University Accelerator Centre (IUAC), New Delhi

**Funded by:** Nagaland University, IUAC and National Mission on Himalayan Studies (NMHS)
