About the Department

Department of Teacher Education of the Nagaland University (A Central University) was established in 2015. The main aim of Department of Teacher education is to prepare teacher educators who perform optimally in the colleges of Teacher Education/Schools and other related research areas. At present department is offering M.Ed., M.Phil., and Ph.D. courses.

About the NIDM

National Institute of Disaster Management (NIDM) South Campus, Ministry of Home Affairs, and Government of India is a premier institute and a Statutory Body (under Disaster Management Act 2005) for training, research, documentation, awareness and human resources and capacity development in the field of disaster mitigation and management in India and in the region.

Background

Disasters threaten the lives, constitutional rights and needs of the children worldwide. In past two decades India have faced devastating disasters such as Latur Earthquake (1993), Odisha Super Cyclone (1999), Bhuj Earthquake (2001), Indian Tsunami (2004), Jammu & Kashmir Earthquake (2005), Bihar Floods (2008), Uttarakhand Floods (2013), Cyclone Phailin (2013), Chennai Flood (2015), Kerala Flood (2018), and Cyclone Fani (2019).

Droughts are slow onset disasters, adversely affecting children and women alike. Karnataka (16 districts) and Andhra Pradesh (4 districts) experienced at least 10 droughts between 2001- 2015. During these emergencies, children are especially vulnerable to diseases, malnutrition, and violence and trafficking. Measles, diarrhoea, acute respiratory infections, malaria and malnutrition are the major killers of children during humanitarian crises. In future, vulnerability of children is expected to increase as the intensity and frequency of natural disasters rises.

Keeping in view the increasing vulnerability of children from climate change and natural disasters, National Institute of Disaster Management (NIDM), Ministry of Home Affairs, Government of India has established “**Child Centric Disaster Risk Reduction (CCDRR) Centre**” to mainstream child centric DRR activities through Training, Research, Advocacy and Consultancy.

Aim of FDP

This **Three-Day Online Faculty Development Programme on Child Centric Disaster Risk Reduction** is intended for Trainers/ Teachers/ Professors/ Faculties of State level Universities, Colleges, Schools, Administrative Training Institutions and civil society trainers to help build their knowledge, skills and perspectives towards child centric disaster risk reduction. This will help officials understand and prepare for risk informed planning, sectoral readiness and preparedness for emergencies so as children are not deprived of basic amenities.

Objectives

At the end of this course, participants will be able to:

- Explain the basic concepts of Disaster Risk Management
- Can identify and list children rights- and protecting children’s rights at the time of disasters.
- Describe the concept of child centric disaster risk reduction list out the CCDRR activities.
- Draft and apply strategies for school safety with the engagement of children
- Describe the life cycle approach and risk-informed approach for child-centric risk reduction
- Explain the process of mainstreaming child-centric risk management

Course Module

This Course has two modules and contents of the course would touch upon the following aspects, to achieve the objectives:

Module-I: Disaster and Child Rights

Session -2: Basic Concepts of Disaster Risk Management

Session-3: Protecting child rights in the time of disaster

Module-II: Approaches to Child Centric Disaster Risk Reduction

Session-4: Introduction to CCDRR

Session-5: Life cycle approach for DRR of children

Session-6: Home to Home School Safety

Target Group

This Faculty Development programme targets Trainers/ Teachers/ Professors/ Faculties/ officials working in State and Central Universities, schools, SIRDs, Administrative Training Institutes and Non-Government Organization. Also targets on Trainers in Health, Education, Women and Child welfare, Revenue and Panchayat Raj and Rural Development Department. The potential faculties and research scholars also can join this FDP.
