From the Vice-Chancellor's Desk

Established by Act of the Parliament No. 35 of 1989, Nagaland University started its journey on 6th September 1994 as the only Central University in the state of Nagaland. At present the University has 7 Schools of studies, viz. School of Sciences, School of Social Sciences, School of Humanities & Education, School of Agricultural Sciences & Rural Development, School of Engineering & Technology, School of Management Studies and School of Legal Studies. The University has its Headquarter at Lumami in Zunheboto district, Nagaland while its campuses are spread over different locations in Kohima, Medziphema and Dimapur.

Teaching, research and extension form the three main functions of University education. Although skill development is critical to success of students in job market, skills are worthless in the absence of appreciable value system. Therefore, it is essential that students imbibe values commensurate with social, cultural, economic and environmental realities at the local, national and universal levels. There is also a need to focus on efficient teaching-learning processes by improving the quality of teaching and enabling higher competitiveness among the students in tune with the changing social needs.

Our University campuses have necessary infrastructural facilities such as modern classrooms, libraries with large number of books and journals, computer lab, internet connectivity, practical and research laboratories with modern equipment, separate hostels for women and men, gymnasium, playgrounds, indoor stadium, auditorium, cafeteria and other essential amenities for students and campus residents. As the Vice-Chancellor of the University, I am delighted and encouraged at seeing many of our students passing out brilliantly and getting excellent placements within and outside the country.

This Prospectus provides an overview on the programmes offered by Nagaland University in various disciplines. I extend best wishes to all candidates aspiring to join the family of Nagaland University and a warm welcome to those selected.

(PARDESHI LAL)

Nagaland University

The Nagaland University Act was passed by the Parliament Vide No. 35.1989 and established in 1994 as a Central University. The University has Kohima Campus at Meriema, Agricultural Science (SASRD) Campus at Medziphema, and Engineering & Technology (SET) at Dimapur. The Headquarter has been functional since 2010 at Lumami, Zunheboto. Currently, there are seven Schools and forty three departments.

Mission

“The University shall disseminate and advance knowledge by providing instructional and research facilities in such branches of learning as it may deem fit; to make provision for integrated courses in humanities, natural and physical sciences, social sciences, agricultural sciences, disciplines in the education and forestry and other allied programmes of the university, and to take appropriate measures for promoting innovations in teaching-learning process, interdisciplinary studies and research to educate and train manpower for the development of the state of Nagaland, and to pay special attention to the improvement of the social economic conditions and welfare of people of the state; their intellectual and cultural development”.
