

NAGALAND UNIVERSITY

(A Central University Estd. by the Act of Parliament No. 35 of 1989)

HEADQUARTERS-LUMAMI

F. No: NU/COE-2/2014-

Dated: 16th July 2020

NOTIFICATION

Subject: Conversion of CGPA to Percentage for NPSC aspirants.

Whereas, the Nagaland Public Service Commission has requested the University to make available the **raw marks** of each student in the website of NU or may give direction to NPSC of other options available (if any). The same was to facilitate the aspirants of NPSC to fill their One Time Registration (OTR) as well as show the actual percentage of marks in their career graph.

Whereas, the University has adopted to implement the **Semester System** with **seven point grading system** for all Under-Graduate courses from the Academic session 2012-13 onwards (completing degree by the year 2015). The marksheets under the semester system shows the Semester Grade Point Average (SGPA) for the Intermediate Semesters and the Cumulative Grade Point Average (CGPA) for the Terminal (Final) Semester and is not expressed in terms of percentages as NU is mandated to **grade** the students only. However all the **raw marks** are depicted in the marksheets of all semesters. Hence, at any given point of time, all the semester marksheets are to be compiled/added to arrive at the correct calculation of percentage.

Whereas, it may not possible to display marks secured by each student in the website as suggested by NPSC as the same is voluminous and involves privacy & security issues.

Now therefore, the calculation of percentage can be done by adding the scores of all subjects of 6 cleared semesters and divided by the full marks of all subjects and multiplying with 100. The model conversion charts of 2 courses are attached as an easy reference.
